I. Introduction and Overview **1**

1. Introduction 3

1.1. Definition and prerequisites of financial derivatives . . . 3

1.1.1. Financial (purchase) contracts . . . 4

a). *Relevant elements* . . . 4

b). *Spot contracts* . . . 5

1.1.2. Settlement at a future time . . . 6

1.2. Derived value . . . 9

1.3. Forward contracts overview . . . 10

1.3.1. Main principles . . . 10

1.3.2. Positions . . . 11

2. Classification, Underlying Assets, Purposes and Settlement 15

2.1. Classification . . . 15

2.1.1. Contingent derivatives: options . . . 16

2.1.2. Non-contingent derivatives . . . 17

a). *Forwards* . . . 18

b). *Futures* . . . 18

c). *Swaps* . . . 18

2.1.3. Other specialized contracts . . . 19

finanim.com First edition 2025

2.2. Underlying assets and underlying variables . . . 19
2.2.1. Common properties and suitability for financial derivatives . . . 20
2.2.2. Financial instruments . . . 21
a). *Concrete* . . . 21
b). *Abstract* . . . 22
2.2.3. Commodities . . . 22
a). *Hard commodities* . . . 22
b). *Soft commodities* . . . 22
2.2.4. Financial properties of underlying assets . . . 22
2.3. Purposes . . . 23
2.3.1. Hedging . . . 23
2.3.2. Speculation . . . 25
2.3.3. Arbitrage . . . 25
a). *Efficient markets* . . . 26
b). *Contract relationships* . . . 26
2.4. Settlement . . . 27

II. Non-Contingent Derivatives **31**

3. Properties 33
3.1. Positions . . . 34
3.1.1. Long . . . 34
3.1.2. Short . . . 34
3.1.3. Economic objectives . . . 34
3.2. Time parameters . . . 35
3.2.1. Initiation . . . 35
3.2.2. Maturity . . . 36
3.2.3. Term . . . 37
3.2.4. Remaining time to maturity . . . 37

4. Financial Parameters 39
4.1. Value . . . 39
4.1.1. Value at maturity . . . 40
a). *Long position* . . . 40
b). *Short position* . . . 41
4.1.2. Value at any point in time . . . 42
a). *Long position* . . . 43
b). *Short position* . . . 45
4.2. Profit . . . 45
4.2.1. Long position . . . 46
4.2.2. Short position . . . 47
4.3. Payoff . . . 49

5. Determination of the Forward Price 51
5.1. Fair forward price . . . 51

finanim.com
First edition 2025

5.2. Replication of cash flows . . . 54
5.2.1. Arbitrage . . . 57
a). Arbitrage and forward contracts . . . 57
b). Forward price too high . . . 58
c). Forward price too low . . . 60
d). Efficient market . . . 62
5.2.2. Expected future price development . . . 62
5.3. Cost-of-carry model . . . 62
5.3.1. Holding cost . . . 63
5.3.2. Holding benefits . . . 65
5.3.3. Cost-of-carry . . . 66
a). Cost-of-carry given as a rate . . . 67
b). Cost-of-carry given in absolute terms . . . 69
c). Cost-of-carry and the time value of money . . . 69
d). Forward pricing including net holding cost . . . 70

6. Interest Compounding 73
6.1. Discrete compounding . . . 73
6.1.1. Periodic interest rate . . . 74
6.1.2. Number of compounding periods . . . 74
6.1.3. Equivalent interest rates . . . 76
6.2. Continuous compounding . . . 78
6.2.1. Differences between discrete and continuous compounding . . . 81
6.2.2. Equivalent interest rates using continuous compounding . . . 83
6.3. Forward pricing using continuous compounding . . . 85

III. Underlying Assets and Forward Contracts **87**

7. Equity 89
7.1. Discounted cash flow valuation . . . 89
7.2. Zero-growth equity valuation model . . . 90
7.3. Two-step dividend growth model . . . 91

8. Equity Forwards 95
8.1. Pricing . . . 96
8.1.1. Discrete compounding . . . 97
a). Without dividends . . . 97
b). With dividends . . . 97
8.1.2. Continuous compounding . . . 99
a). Forward pricing on total return indices . . . 99
b). Forward pricing on price indices . . . 100
c). Forward pricing and compounding conventions . . . 101
8.2. Valuation . . . 103
8.2.1. Valuation at maturity . . . 103
8.2.2. Valuation before maturity . . . 104
a). Valuation without dividends . . . 104
b). Valuation with discrete dividends . . . 105
c). Valuation with continuous dividends . . . 108

9. Fixed Income and Bonds 111
9.1. Bonds . . . 112
9.2. Equity and debt comparison . . . 116
9.2.1. Legal and financial properties . . . 116
9.2.2. Payment structure and valuation implications . . . 117
9.3. Classification of fixed income . . . 118
9.4. Valuation of fixed income . . . 120
9.5. Zero-coupon bonds . . . 121
9.6. Coupon bonds . . . 124
9.6.1. Pricing variables . . . 125
9.6.2. Pricing . . . 127
9.6.3. Premium and discount bonds . . . 129
a). *Premium bond price trajectory* . . . 131
b). *Discount bond price trajectory* . . . 133
9.6.4. Pricing after issuance . . . 135
9.7. Investment between coupon payment dates . . . 137
9.7.1. Pricing . . . 137
a). *Fractional settlement coupon period* . . . 138
b). *Bond price calculation* . . . 139
c). *Simplification* . . . 140
9.7.2. Quoted price and accrued interest . . . 142

10. Fixed-Income Forwards 147
10.1. Pricing . . . 147
10.2. Valuation . . . 149

11. Forward Rate Agreements 155
11.1. Pricing . . . 157
11.2. Valuation . . . 161
11.2.1. Valuation at the end of the forward interest period . . . 162
11.2.2. Valuation at the beginning of the forward interest period . . . 163

12. Currencies and Exchange Rates 165
12.1. Exchange rates . . . 166
12.2. Currency conversion . . . 167
12.3. Price currency and base currency . . . 168
12.4. Appreciation and depreciation . . . 169
12.5. Sell rates and buy rates . . . 170
12.6. Cross-rates . . . 172
12.7. Triangular currency arbitrage . . . 173

13. Currency Forwards 177
13.1. Pricing . . . 177
13.2. Valuation . . . 180
13.2.1. Valuation at maturity . . . 180

finanim.com
First edition 2025

13.2.2. Valuation before maturity . . . 182

14. Commodities 183

14.1. Sectors . . . 185
14.1.1. Hard commodities . . . 185
14.1.2. Soft commodities . . . 185
14.2. Features . . . 186
14.3. Spot market investment . . . 187
14.3.1. Investor participation . . . 187
14.3.2. Market participants and investor intention . . . 188
a). *Speculation* . . . 188
b). *Hedging* . . . 188
c). *Trading* . . . 188
d). *Arbitrage* . . . 188
14.4. Comparison to financial assets . . . 189
14.5. Spot market valuation . . . 189
14.5.1. Supply and demand factors . . . 189
14.5.2. Fundamental analysis . . . 190

15. Commodity Forwards 193

15.1. Pricing . . . 194
15.1.1. Fair forward price and economic indifference . . . 194
15.1.2. Holding costs . . . 194
a). *Financing costs* . . . 194
b). *Storage costs* . . . 194
15.1.3. Convenience yield . . . 195
a). *Contango* . . . 197
b). *Backwardation* . . . 198
15.2. Valuation . . . 200
15.2.1. Valuation at maturity . . . 201
15.2.2. Valuation before maturity . . . 201
